The employees in operations participated in this holiday celebration at all the mobile dining rooms at the Pribbenow and El Descanso mines.

Celebration at the Port

Employees at Puerto Drummond also celebrated Christmas with a special breakfast, during which the Area Managers expressed their gratitude for the employees' hard work and dedication to each task.

During the celebration, Employees learned about the Safety Campaign, “

*What Can you Do to Take Care of your Life?”* In a video, several of their co-workers talked about the different actions they take as part of their daily work, living out safety as a lifestyle; a lifestyle that has even carried over into their homes.
