Drummond improves conditions at schools in Cienaga, Magdalena.

Drummond was present at the First Communions of underprivileged children.

Productive visit by the President of Drummond Ltd. to the Port

With the visit of the President of Drummond Ltd. Colombia, Jose Miguel Linares, a Framework Agreement was signed to improve the healthcare sector in the municipalities within the company's area of influence in Magdalena. This agreement will make it possible to work in coordination with the government of Magdalena on the construction of the Pediatrics area of the San Cristobal Hospital in Cienaga, repairing the emergency room at the hospital in Algarrobo and the remodeling of the hospital in Aracataca. The agreement signing ceremony was attended by the Mayors of Cienaga, Zona Bananera, Aracataca, Fundación and Algarrobo.

Along with the governor of Magdalena, Luis Miguel Cotes, the president of Drummond Ltd. José Miguel Linares, signed the agreement that seeks to improve the healthcare sector in the communities close to Puerto Drummond. In this photo, they are accompanied by the heads of the hospitals in Drummond's area of influence in the Magdalena.

During his visit, the President of the Company attended other meetings, including one with city leaders and businessmen, at which time he presented the new direct loading system and various essential aspects for the company, such as its commitment to the environment and its communities. Linares also met at the Universidad Jorge Tadeo Lozano with another group from the production sector, attended by Corpamag, the Bank of the Republic, the Maritime Museum Foundation, the Quinta de San Pedro Alejandrino historical site, Seguros y Pensiones, the Association of Business Owners of the Magdalena and the construction company El Prado S.A.S., as well as the heads of the educational institutions Universidad Jorge Tadeo Lozano, Universidad Sergio Arboleda and Universidad del Magdalena, and former mayors and governors.

Mr. Linares also took the opportunity to visit the facilities of Consorcio DIA, a company contractor, where he highlighted the growth of these types of companies in the region. Furthermore, on the occasion of the festival of La Virgen del Carmen, he celebrated with a group of approximately 100 people including employees and drivers from that company.

The President also engaged in dialogue with the employees where he mentioned the evolution and progress of the direct loading system, among other topics, and also explained that the idea was to strengthen these opportunities to share information to be able to better understand the company's progress and future.

Family Day with Drummond.

The families were greeted with a welcome message by Drummond Ltd.'s Vice President of mining operations, Ron Damron.

With a new image and new recreation and leisure activities, Family Day with Drummond was held at the Pribbenow mine in an atmosphere of happiness and fun. Thirty five families attended the event for a total of 149 people, including adults and children, who took a tour of the mine, saw equipment like the 793 Trucks and enjoyed a special lunch, accompanied by music by the Filemón Quiroz Band from Becerril. In the future, this program will be implemented at the Port.

****“Thank you for this event where we had so much fun. We are happy to belong to the Drummond family,” expressed the Rincón Pérez family.***

While the children had fun with games and contests with the entertainers from Comfacesar, the parents enjoyed a talk about their relationships as couples with the psychologist Lina Mendoza.

This is how we spent Family Day with Drummond.

Through messages and drawings, the families expressed their feelings of affection and gratitude towards the company.

The band from the Filemón Quiroz Music School in Becerril, to which Drummond has donated instruments and uniforms, enlivened the event.

Our employees and their children participated in contests and took home prizes.

Drummond supports the beautification of schools in Cienaga, Magdalena.

Drummond Ltd. Supported the painting programs at the I.E.R. Garcia Mayorca and Jolonura schools. The programs were carried out with participation by the schools' teachers and managers, parents, the Colombian Agency for Reintegration, ACR and Drummond.

"The aim of this project is for the children to have a nice space, for them to be more motivated, and at the same time to foster their sense of belonging to the institution." Expressed the Principal of I.E.R. Garcia Mayorca, Gloria Pérez.

The company contributed with the equipment necessary to make the repairs and improve the conditions of the schools' physical plants.

Drummond Ltd. continues to support its communities, seeking to help children and young people grow in a suitable environment that provides them with a comprehensive education.

Drummond supported underprivileged children to receive their First Communion.

For several years in a row, Drummond has been supporting the work by the Social Manager of Magdalena, Rosa Cotes de Zúñiga, by delivering three hundred breakfasts to underprivileged children in all of the municipalities in the department who receive the sacrament of First Communion, which took place this time at the historic site of La Quinta de San Pedro Alejandrino in Santa Marta.

After the liturgical celebration, the children and their families enjoyed breakfast and then participated in a recreational event, where they had the chance to compete in various activities and win prizes.

With the support of all of the institutions, the children received everything they needed for their First Communion, from the clothes to the transportation and lodging for their parents or closest relatives, who were also present at the ceremony.

Smiles and thanks from parents and families were the result of this event, which was able to strengthen the spiritual side of the smallest members of the communities through their religious traditions.
